

Lots of people have been asking how they can further sort recycling at home so that it is quicker and easier to sort at school. Bagging each type of item together saves us a huge amount of time sorting. Feel free to use bread bags to separate the items; we can then recycle the bread bag too!

More detailed explanations of what can and cannot be accepted in each waste stream can be found in the

“New September 2020 recycling guide”

1

Crisps

All brands of crisps.

Pringles tubes

NO MINI CHEDDARS IN THIS BIN

—THEY ARE BISCUITS and can go into the biscuit bin.

If possible, please can you make crisp bricks using a standard crisp packet.

2

Biscuits, Crackers, snacks
