

School was closed to most children because of the coronavirus. All of the children are now coming back into school because it is safe to have more children in school. 

Some things in school will **be the same** and some things **will be different**. This might make me feel excited, worried or confused and that's OK!

What will be the same when I go back to school?	What will be different?
<p> I will be wearing school uniform.</p> <p>I will still have play times and lunch times. Mr Butler has lots of special games that he will teach us that we can play together. </p> <p>I will still be having assemblies. </p> <p>I will have friends in my class! </p> <p>I will still be learning and having fun!</p>	<p> Each year group will have a special route into school. Watch Mr Lincoln's video that tells you the route in.</p> <p>Every year group will be a team which we are calling 'bubbles'. You will play, eat and arrive and leave school in your bubble. </p> <p>We will be having assemblies in our classroom!</p> <p>Some school rules will change slightly to make sure that we are all kept safe. These will be called Bubble Rules! My teachers will explain this to me. </p> <p>We will keep journeying together and will support each other! </p>
