

"History has shown us that courage can be contagious, and hope can take on a life of its own."

MICHELLE OBAMA

It was a real pleasure to show the Chief Executive Office of DCAT (Mark Talbot) around our wonderful school this morning- He was rightly impressed with what he saw and heard when speaking to staff and children. I did make sure to mention our vision to get our children to 'Be Courageous' and the wider impact it can have on all of us.

Have a wonderful weekend
Mr Lincoln and the Senior Leadership Team

3. REQUESTS, REMINDERS AND GENERAL NOTES

- **Winter Uniform:** From Monday 6 October all children must wear winter uniform. The uniform policy can be found here. Please ensure all items, including coats, are named so we can return items that get mislaid - we always have a huge amount of unnamed lost property items which we are unable to return so naming your child's uniform will help both you and us! Please note, girls are not allowed to wear leggings or boots.

4. Samba band had a great 1st rehearsal ! We do still have spaces for this term and would love more drummers to join us. Sign up and find further details here; <https://www.happytunesmusic.co.uk/music-menu/samba-band> Fees will be charged pro-rata.

5. Developing Pupils' Executive Function Skills: Following training from the WSCC Local Inclusion Service last year, we have set up some new characters this term to support pupils' development in key executive functioning skills. These new characters are called The Think Squad and staff will be using them within teaching and learning to promote important skills such as self-regulation, resilience, organisation, making links and focus. To find out more, please see the poster below. The Think Squad strategies are useful for all areas of life and you may want to print out the poster for use at home too!

6. Adult code of conduct: At our first Local Governors Meeting of the year, we reviewed and approved an Adult Code of Conduct to support both families and the school with the potentially thorny issue of communication between adults and the school. We are incredibly grateful that the vast majority of our interactions with

parents/adults are warm and friendly (even with difficult areas to discuss). Unfortunately, on very rare occasions this is not the case which is why felt it was important to create a simple code of conduct for all.

The code of conduct will be emailed out as a separate document and will be available to view on our website.

7. **JOB OPPORTUNITIES:** we are currently advertising for the following:

- Individual Needs Assistant – closing date **12 noon on Tuesday 30 September 2025**. More information can be found below.

Check out the latest phones, SIMs and GPS trackers, as part of our wider event "Let's talk about kids and smartphones"
[Book Here](#)

For children aged 11-14 starting secondary school and travelling independently, these phones keep things simple: calls and texts only, with no social media or open web browsers. A gentle step towards independence – and a way to stay connected without the pressure of a full smartphone..

Nokia Flip 2260 -
Texts and phone calls, very long lasting battery, range of colours, radio, MP3 player and torch, snake game, single rear facing camera. **£65**

Ushining F200 flip phone – Classic flip mobile phone style, lightweight, long battery life. **£22-26**

Nokia 105 2G– One of the simplest, cheapest handsets with a long battery life, torch, snake game and radio. Comes in a variety of colours. **£25**

Asda Talk & Text SIM -One of the few SIMs that comes with absolutely no data, making it a great choice for families who want to avoid internet access altogether. It's also very affordable at just £4 a month and uses Vodafone's network, which generally offers good UK coverage. This SIM is perfect for pairing with a simple handset or first phone for kids – keeping things focused on calls and texts, without the distractions or risks of mobile internet.

ParentShield - A SIM card designed specifically with children in mind. Their no-data SIMs work in all phones, and let you control who your child can call or text, review message logs, and even set up time-based usage rules. It's not the cheapest option – but it does offer peace of mind and a strong set of features for parents who want more control.

Most of us grew up without being tracked – and many families still choose not to. But if it brings peace of mind, GPS trackers – which use satellite technology to show your child's live location – offer a screen-free way to stay connected. Some parents find this helps them feel more confident giving their kids independence, like walking to a friend's or catching the bus.
