

Geography Year 1

Journey of a Cocoa Bean

Key Facts

- The seven continents are Asia, Africa, North America, South America, Antarctica, Europe and Australia.
- The five oceans are Pacific, Atlantic, India, Southern and Arctic.
- The equator runs through the centre of the earth. The countries near to the equator are hot and wet.
- Ghana is near to the equator. This makes it a good place for cocoa beans to grow. There is rainforest in Ghana and the terrain is mostly flat. Lots of animals live there.

Geographical Skills

Locate countries where cocoa beans grow

Locate the seven continents and five oceans on a map

Locate the equator on a map

Find similarities and differences between Ghana and the UK

Key Vocabulary

Rainforest
Equator
West Africa
Ghana
Asia
Africa
North America
South America
Antarctica
Europe
Australia

Bean to Bar

how chocolate is made
