Food sources

Habitat

Microhabitat

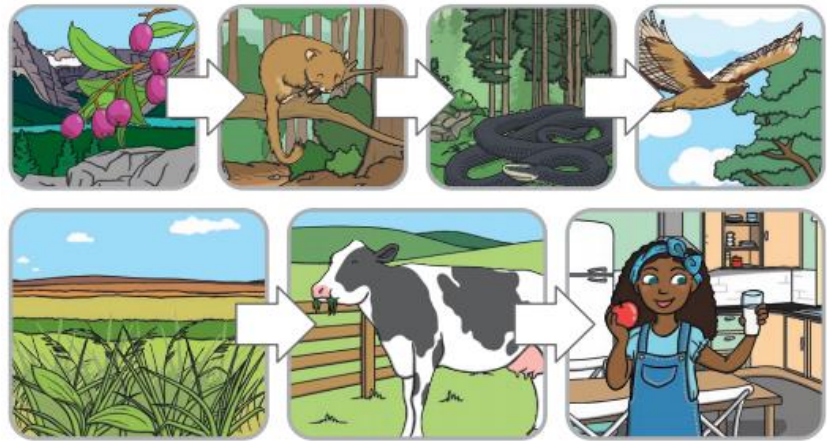

Depend

Survive

Food Chains

The arrows mean 'is eaten by'.

Science GOLDEN WORDS:

prediction

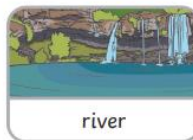

measurements

conclusion

explain

classify

Examples of habitats

Working Scientifically:

- setting up simple, practical enquiries and comparative and fair tests.
- recording findings using simple scientific language, drawings, labelled diagrams, keys, bar charts, and tables.
- using straightforward, scientific evidence to answer questions or to support our findings.

Examples of microhabitats
