

Year 3 Home Learning

Summer Holiday 2020

Spellings:

In year 3 you will be given spellings every week. They will be in this box at the top of your homework sheet. You will have a spelling test each week. We are not setting spellings for a test over the summer holiday but on the **page 2** of this document there are some words that you will have learned in year 2. You could practise any words that you find tricky or use these words to write your own silly story!

Times tables:

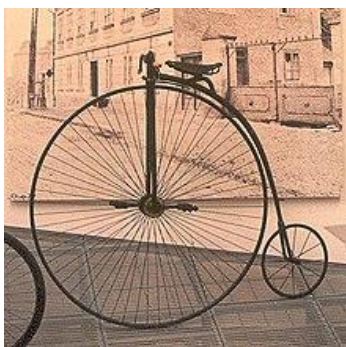

In year 3 we will continue to use 'Sumdog', which is a fantastic way to practise your maths skills at home. Over the summer, you could use Sumdog alongside other games and activities to practise your times tables. A multiplication board game has been attached to this document on **page 3** and further maths games can be found here: <https://www.topmarks.co.uk/maths-games/7-11-years/times-tables>

Try to practise your times tables a couple of times each week as it will really help you in your maths lessons next year.

Topic task:

Our topic for the autumn term is 'The Victorians'. Can you find out about something that was invented, made or discovered during the Victorian era? We would like for you to carry out some research and present your findings in an interesting way. This could be a labelled drawing, a 3D model or written facts about your chosen item.

All of your work will be put together in our new classrooms to make our own mini Victorian museums.

Top tip: <http://www.primaryhomeworkhelp.co.uk/victorians/inventiortimeline.html> - This website is a great starting point!

As an eco-school, we are keen to save paper wherever possible therefore your homework will be uploaded onto the school website each week. However if you require a printed copy, please let your teacher know.

Year 2 Common Exception Words

door		even		sugar	
floor		great		eye	
poor		break		could	
because		steak		should	
find		pretty		would	
kind		beautiful		who	
mind		after		whole	
behind		fast		any	
child		last		many	
children		past		clothes	
wild		father		busy	
climb		class		people	
most		grass		water	
only		pass		again	
both		plant		half	
old		path		money	
cold		bath		Mr	
gold		hour		Mrs	
hold		move		parents	
told		prove		Christmas	
every		improve			
everybody		sure

Snakes and Ladders 2, 3, 4 and 5 Times Tables

You will need:

- the Snakes and Ladders Board Game;
- a dice;
- a counter per player.

How to play:

1. Players take it in turns to roll the dice. The player with the highest number goes first, the player with the second highest goes second and so on.
2. When it's their turn, players move the counter the number of spaces shown on the dice and answer the calculation they land on.
3. If the answer given to the calculation is correct, play continues as usual:
 - landing on a snake's head - the player's counter slides down;
 - landing at the bottom of a ladder - the player's counter climbs up.
4. If the answer given to the calculation is incorrect, the player misses a go.
5. The first player to reach the finish is the winner!
