

Dear Parent/Guardian,

Help your child fall in love with science with the award-winning science magazine for kids, Whizz Pop Bang!

Subscribe today and start your child's adventures in science with a **fun-filled educational magazine** rocketing through their letterbox every month. Each magazine is jam-packed with easy experiments to try at home, science news and facts, as well as puzzles, jokes and riddles to encourage curiosity and to keep your child happy and screen-free for hours!

FREE science resources for your school

We also want to help bring science to life at your child's school! That's why, if five or more pupils subscribe, we'll grant your school free access to hundreds of hands-on lesson plans and inspirational science reading resources for free, worth £150 per year. Plus, if fifteen or more pupils subscribe, we'll send your school's library a magazine subscription for free too!

Subscribe today at whizzpopbang.com
using your school's unique coupon code:

ZNMBN43

and we'll also send your child an
extra magazine as a FREE GIFT*

Happy experimenting!

A handwritten signature in black ink, appearing to read 'Jenny Inglis', written in a cursive style.

Jenny Inglis

Founder and chief experimenter!

PS: Be quick! Your coupon code expires at midnight on 30/04/2020!

*A paid subscription is required to receive the extra magazine free of charge. Offer only available for new subscribers. Coupon cannot be used in conjunction with any other offers. Offer cannot be redeemed after the expiry date.
