

Many parents have asked how they can provide extra challenges or support for their child in Maths. These books are not essential but if Santa *did* find space in his sack, we would recommend them as a worthwhile extra boost! Mr Mac & Miss Wells

## General Year 3 Maths

### **KS2 Maths Targeted Study Book - Year 3 (for the New Curriculum)** (Currently £4.95 on Amazon)

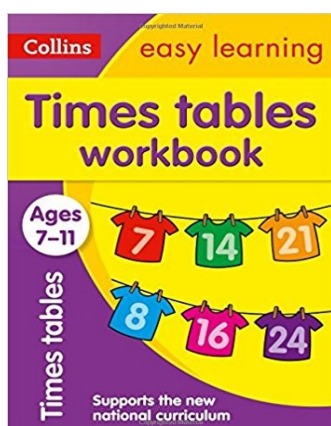

A “friendly, colourful” study guide that shows you how each topic works—great for going in-depth about new skills or consolidating old

### **New KS2 Maths 10-Minute Weekly Workouts - Year 3 (for the New Curriculum)** (Currently £5.78 on Amazon)

10 minute workouts on every topic we cover in Year 3—the questions start easy and get more challenging. This is good if you want some extra practise on a topic but it won't teach you the method.

## Focus areas—Year 3

### **Times Tables Workbook Ages 7-11: New Edition (Collins Easy Learning KS2)** (Currently £3.99 on Amazon)

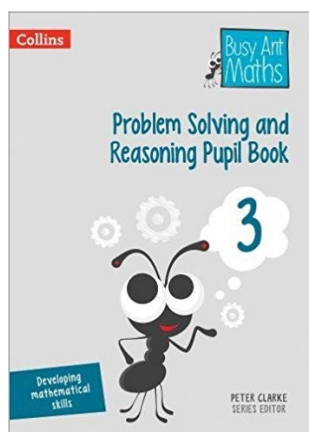

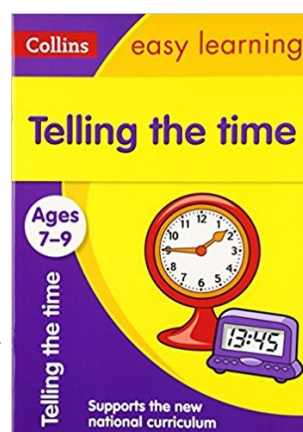

We really like the mix of activities in this book!

- questions that allow children to practise the important skills learned at school
- colourful activities that make learning fun and motivate children to learn at home

### **Telling the Time Ages 7-9: New Edition (Collins Easy Learning KS2)** (Currently £3.99 on Amazon)

Top tips for telling the time

- questions that allow children to practise the important skills learned at school
- colourful activities that make learning fun and motivate children to learn at home

### **Problem Solving and Reasoning Pupil Book 3 (Busy Ant Maths)**

(Currently £5 on Amazon, released 5th Jan 2018)

Word problems to boost reasoning skills and mastery of core maths skills. For those who like an extra challenge!
