

## Home Learning Timetable - 06.01.21

I have scheduled all the info that you need to be released at 9am on Wednesday 6<sup>th</sup>. You will not be able to view any of tomorrow's learning before then!

9.30am: I (Miss Such) will log on to google classrooms at 9.30am - I hope to see all your smiling faces then. I will create a link and post this in the 'stream' section as shown below.

Please remember that today is the first day using google classrooms for many of us and there may be some teething problems. It would be helpful if you log in and mute yourself.

Today we will have a chat about the Christmas holidays and have our daily story time. I will talk you through the timetable for home learning and how it is going to work day by day (it will be helpful if parents join for this live session too!).

10.30am: Maths. Mental maths quiz on Google Classrooms and 30 minutes of SumDog.

11am: Literacy. Our literacy unit is comic strips! We have uploaded our teaching slides as a PDF for you to look through. If you have any comic strips at home, please have a read and try to identify 5 key features of comic strips. You can use the examples on Google Classrooms too (Beano, Bash Street Kids etc.). Then use Google Classrooms to answer the form to tell us the features you have found!

Assembly: Awesome Assemblies! Choose one of your favourite Awesome Assemblies and watch it at some point in the day - enjoy!

Afternoon Learning: French and Music.

French: Read through the powerpoint of The Very Greedy Dog. The powerpoint has audio and reads out the story for you! Then complete the worksheet.

Miss Ellis has prepared a Music video for you which we will send out tomorrow!
