

# Week beginning: 11th January 2023

## This Week's Activities for Gray and Blue Whales

This week we will be learning about mass and capacity in maths. We will also be talking about odd and even numbers.

We will be learning how to read, write and say the sound 'ng' in phonics. We will be splitting into groups and some children will be focusing on blending cvc words and some on reading simple sentences.

We will be playing games in PE including the Bean Game and Dancing Dice.

We will be talking about people that help us such as firefighters, police, nurses and train drivers and learning about their role. If any of you have similar jobs to these and would be prepared to come and chat to the children please let us know.

We will be on the field for Forest Day again exploring. Thank you for sending the children in so well prepared. Please can we ask that you send shoes/trainers in that they can change into after taking their muddy wellies/shoes off.

During RE will be reading Puddles Lends a Paw and discussing how we can help others.
