Last reviewed: Autumn 2023 (Reviewed annually by governors and school)

To be updated: Autumn 2024

*Journey together,  
guided by God,  
to do the best we can.*

#### **Purpose:**

Schools need to carry out accessibility planning for pupils with a disability. These are the same duties as previously detailed under the Disability Discrimination Act (DDA) and which have been replicated in the **Equality Act 2010**.

According to the Act, a “disabled person is defined as someone who has a physical or mental impairment which has an effect on his or her ability to carry out normal day-to-day activities”. The effect must be substantial, long term and adverse. The Equality Act definition of disability covers physical disabilities, sensory and other mental impairments and learning disabilities.

This **Accessibility Plan** is a statutory duty and sets out the proposals of the Governing Body of the school to proactively improve the equality of opportunity for those within its school community who have a disability. The duty is to anticipate and plan for their future needs.

**In accordance with the Act, the plan focuses on three key areas:**

- 1) increasing the extent to which disabled pupils can participate in the school curriculum;**
- 2) improving the physical environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;**
- 3) improving the delivery to disabled pupils of information, which is provided in writing for pupils who are not disabled.**

The school’s Accessibility Plan is resourced, implemented and reviewed as necessary. It will be reviewed annually by the Governing Body and updated at least every three years.

The review will look at each action and assess whether the success criteria has been met. Any actions that are incomplete or require further attention are carried forward to the next action plan.

For the review, the actions will be shaded as follows:

- GREY** for actions that are complete
- GREEN** for actions that are complete but require ongoing activity.

#### **Linked policies:**

St Nicolas and St Mary CE School are committed to equal opportunities and inclusion. This Accessibility Plan is not a standalone document but should be considered alongside the following school policy documents:

- Special Educational Needs and Disability Information Report and Local Offer
- Teaching and Learning Policy
- Child Protection Policy
- Health & Safety Policy
- Equality Policy
- Staff related policies, e.g. risk assessments, Return to Work, Equalities Scheme

This plan itself will also be used to advise and inform other school planning documents and policies. It will be the responsibility of the whole school community to implement this scheme in a manner which promotes the inclusive ethos of our school.

When completing the Accessibility Plan, school leaders will use the Accessibility Checklist to support them. This document is also available on our website.
